Cloth Wipes – Rayon made from bamboo

warmies® wipesWARMER

Dear Customer,

We have selected rayon terry cloth made from bamboo for our Warmies® baby wipes because it is soft on Baby's delicate skin. This fabric is relatively fragile and may wear faster than other fabrics. Due to its delicate nature please use special care to cut loose threads and avoid anything that may cause the loops to pull (e.g. Velcro, zippers, etc.). Machine wash, gentle cycle. Re-wet, roll and place back into warmer. Do not machine dry. Please replace Warmies® wipes as needed. For more eco-friendly Warmies® wipe solutions, please see www.princelionheart.com.

Enjoy!

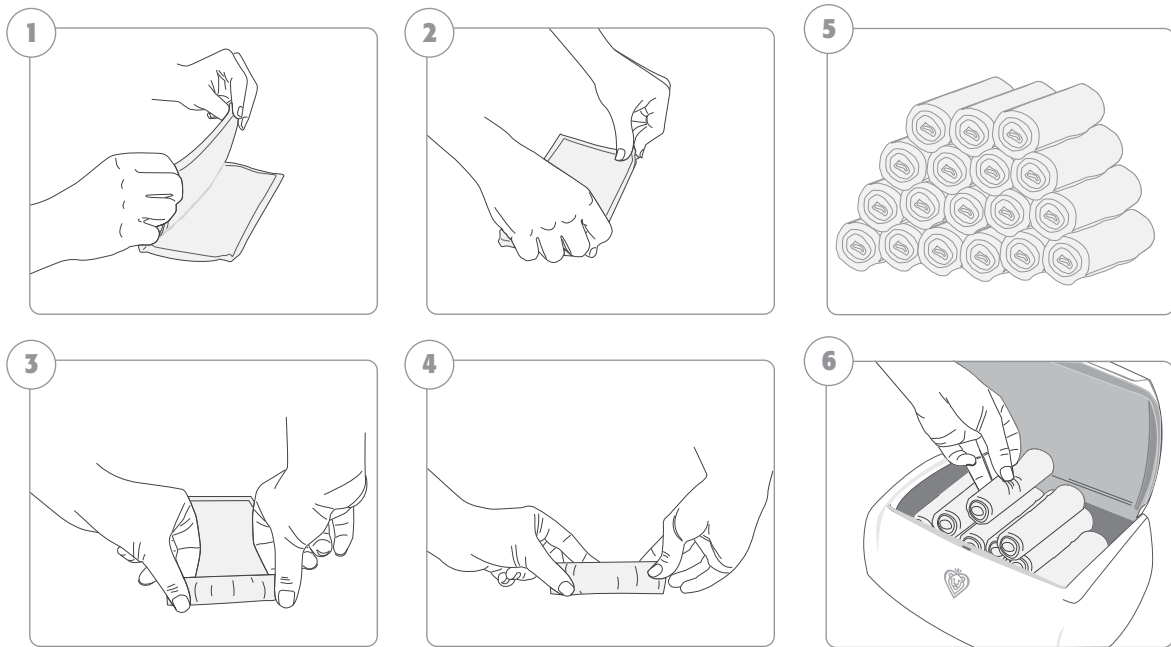

For best results, please wash Warmies® before first use.

Warmies® Instructions:

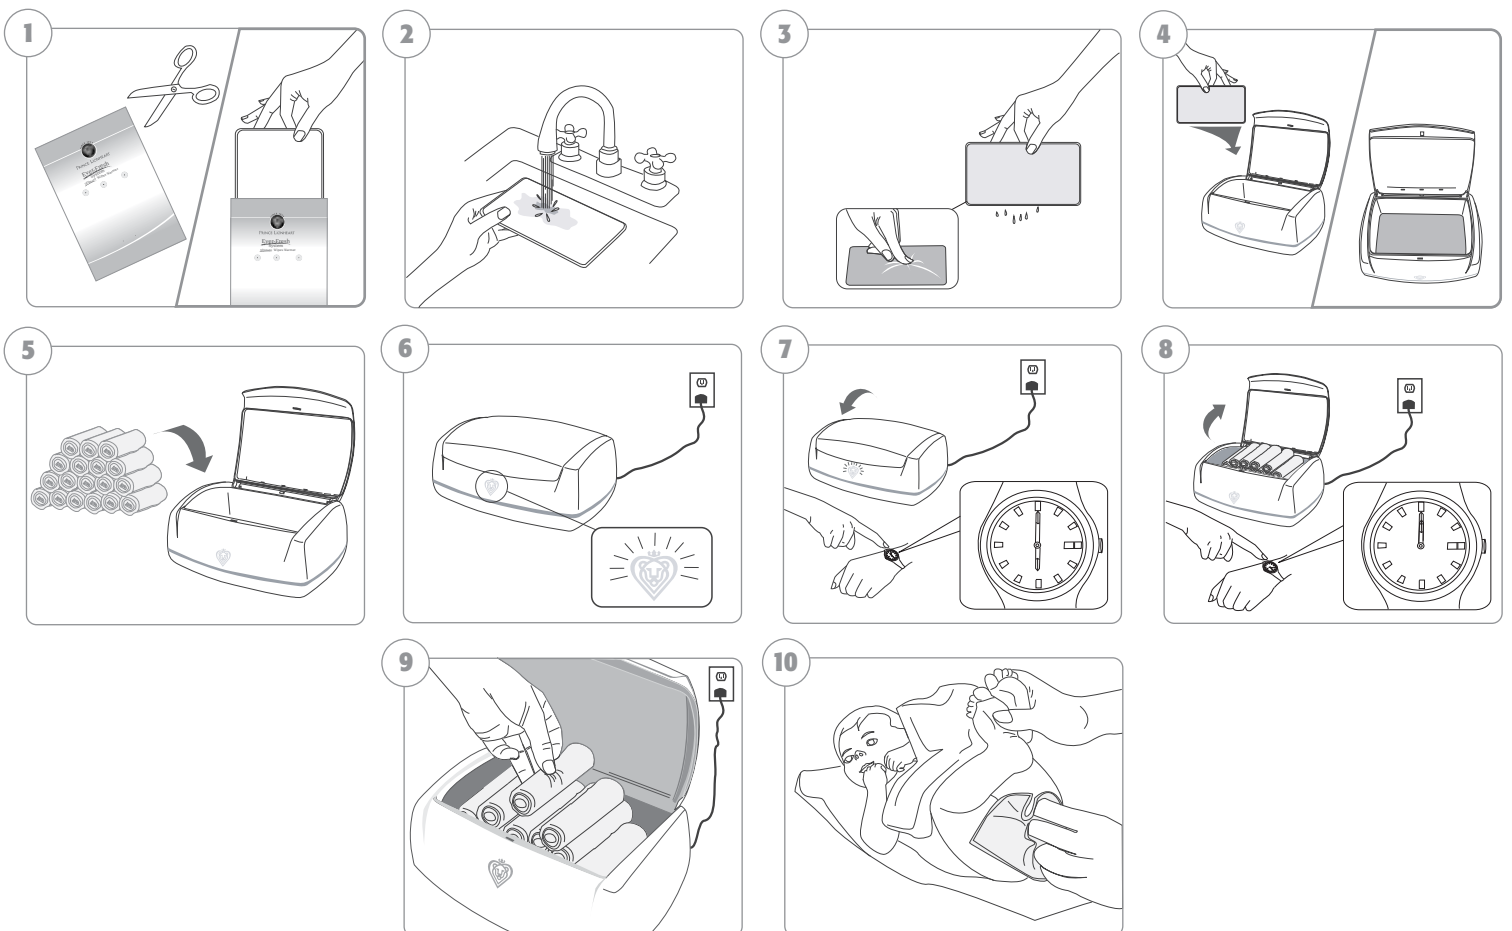

- Soak Warmies® in water or wipes recipe of your choice until saturated.
- Gently squeeze excess liquid from one Warmie and fold it in half.
- Beginning with short end of halved wipe, roll up entire length.
- Repeat with individual Warmies® until they are all rolled.
- Stack Warmies® as shown in tub taking care to keep air space between Warmies® and tub sides to allow air to circulate.
- When refilling warmer, rotate Warmies® so new wipes are on bottom.
- Please allow 4-6 hours for all Warmies® to warm through prior to first use.

Additional Warmies® Cloth Wipes sold separately.

Holds up to 16 Warmies® wipes.

Ever-Fresh® Replacement Pillow System™

Thoroughly saturate the included Ever-Fresh® pillow with distilled or bottled water and allow excess water to drip off. Place pillow on the bottom of the wipes warmer. Wash and add water every week or as needed. Replace every three months.
